

# CALIP REAR

New

With the CALIP REAR every bike's rear mudguard can be designed with a personal identity light in a unique and attractive way. The CALIP REAR can be executed with your own logo to really stand out from other bicycles in the market. Behind the logo, red COB LEDs account for an impressive 50 Lumens light output. The CALIP REAR can be connected to each e-bike with a 6-48VDC system.
